Hi Karen,

Thanks for sitting down with us today. I thought it was very helpful and informative (and more fun than we had at our afternoon meeting!).

As promised, attached are our scoping comments on the remanded biological opinions for delta smelt and salmon regarding CVP/SWP operations. Look forward to talking more with y'all in the coming months about the State Board flow proceedings for both the San Joaquin River spring inflow and comprehensive review of other elements of the Bay-Delta plan.

Take care,
Doug
